ViskoTeepak's Tailor-Making Explained: What Does It Mean

To read the whole article, please click on one of the links below.

At ViskoTeepak, our approach to tailor-making sausage casings is like crafting a perfectly fitted tuxedo or a custom wedding dress. We ensure our casings meet your specific needs, enhancing efficiency and productivity. Here's how we do it:

The Seven Pillars of Tailor-Making Wienie-Pak Casings

1. **Calibers:** We offer a range of casing sizes and stuffing diameters, ensuring every sausage is just right—neither too big nor too small.
2. **Construction:** From elastic to stiff casings and those for twist linkers, we provide the ideal fit, similar to selecting the perfect wedding attire.
3. **Color & Stripes:** Our casings come in various colors or stripes for easy identification and peeling control, ensuring your sausages look stylish.
4. **Shirring:** We compress lengths from 28 to 230 feet into strands of 15 to 58 cm, organizing them as neatly as a wedding seating plan.
5. **Converting:** Our converting processes are customized to your needs, like tailoring a suit.
6. **Packaging:** We offer pallets, boxes, and bundles designed to your specifications, ensuring everything arrives neatly.
7. **Closures:** From Push-Pak and Closed end to knotted and open ends, we cater to all machine types and hand-stuffing needs.

Customizing Fibrous Casings

We tailor fibrous casings to streamline your processes:

- **Peeling Issues:** We add solutions during shirring to address peeling problems.
- **Longer Production Time:** We extend strands for longer production periods.
- **Better Sausage Quality:** Enhancements improve sausage quality and prevent smearing.
- **Printing Support:** We assist with changing printing designs.
- **Casing Handling:** We offer training for optimal casing use.
- **Logistics:** We suggest alternative casings if originals aren't available.
- **Packaging:** Custom packaging options, like boxer packs, are available.
- **Surviving Tough Conditions:** We provide casings that endure heavy mold conditions.
- **Complaint Resolution:** We offer swift support and replacement shipping.

Tailor-Making Philosophy: The Perfect Fit

Our philosophy is like crafting a first-class suit or custom dress. We deliver casings perfectly fitted for each need:

- **Exclusive Conversions:** Custom adjustments for summer conditions.
- **Proper Adhesion Levels:** Ensuring sausages look flawless.
- **Ideal EP Levels:** Facilitating smooth removal after production.

In summary, ViskoTeepak's tailor-making approach emphasizes precision and customization, ensuring our products integrate seamlessly into your processes and deliver maximum value. Here's

to tailor-made casings that make every sausage exceptional!
