Packaging and Packaging Waste Regulation (PPWR) EU 2025/40 Compliance Statement

Object of the statement	Fibrous Casings and transport packaging items
Issue date	September 29, 2026
Area of validity	Applicable for EU market
Economic operator	ViskoTeepak NV Lommel, Belgium
Role of economic operator	Distributor
Address	Maatheide 81, BE-3920 Lommel, Belgium

ViskoTeepak's Fibrous casing products manufactured in Belgium are non-edible regenerated cellulose casings that may lawfully be used as sausage casings in compliance with the legislation in place in the European Union on materials and articles intended to come in contact with food (Regulation No. 1935/2004), and on good manufacturing practice for materials and articles intended to come in contact with food (Commission Regulation No. 2023/2006).

According to Regulation EU 2025/40 (PPWR) Article 3(1) point (1) (a), sausage casings are items that are not packaging. Therefore, the requirements for substances in packaging defined in Article 5 does not apply to the sausage casing products that we produce and sell.

For transport packaging items, ViskoTeepak's Lommel site is Distributor as it is defined in the PPWR.

ViskoTeepak confirms that the packaging items listed below, used for protection and transport of the casings, are compliant with PPWR.

Packaging items: Cardboard boxes (bottoms, lids and intermediate layers), cores, plastic bags, plastic stretch film, wooden pallets.

Bart Peeters
Plant Director
ViskoTeepak NV, Lommel

A handwritten signature in blue ink, appearing to read 'B. Peeters', with a large, stylized flourish extending from the bottom left.
